Dear Ms. Dortch:

As noted in my February 4, 2015, letter to the record in this proceeding, on January 30, 2015, a workshop of economists was convened at the Federal Communications Commission in Washington, D.C. to discuss certain economic issues presented by the above-referenced applications. The discussion excluded any references to video programming confidential information ("VPCI").

Submitted herewith to the record, for inspection by the public, is the transcript of the workshop with any references to highly confidential information and confidential information (as defined by the Second Amended Modified Joint Protective Order in the proceeding, DA 14-1639 (rel. Nov. 12, 2014)) redacted. Access to the unredacted version of the transcript, which is being filed with the Office of the Secretary by separate paper submission, will be limited to individuals with access to highly confidential information pursuant to the Second Amended Modified Joint Protective Order. Please contact William Freedman of the Office of General Counsel at (202) 418-1415 to obtain access to the unredacted version of the transcript.
